

## Curated Creations

Inspired by YAA NOW Galleries

Curate your own work, collaborate with a friend or use images sourced online of artists you admire.

Lay out the art and make sure it flows visually. How does one work relate to another? Is there a theme?

You are the curator; you tell the story of why these artworks are displayed together. Email your finished curations to [yaamuseum@gmail.com](mailto:yaamuseum@gmail.com)
